

Last Chance to Draw District Maps for Merced County!

Merced County's redistricting process is coming to a close, but you still have time to draw a voting district map to be considered by the Board of Supervisors for adoption.

Several paper and online mapping tools are available at DrawMercedCounty.org/Draw-A-Map for Merced County community members to create their own maps. All submissions will be reviewed and posted to the redistricting website.

Residents are also encouraged to provide feedback on draft maps that are posted on DrawMercedCounty.org/Draft-Maps.

Make your voice heard!

Submit your district map and feedback on draft maps to Redistricting@CountyofMerced.com by Tuesday, November 23, 2021 by 5:00 p.m.
